in conjunction with:

North Tyneside Music Education Hub

Dear Parent/Guardian

We are delighted that your child has joined our after-school brass group. We believe that they will benefit enormously from home practice.

Therefore, we have allocated an instrument for you to collect on behalf of your child, either after the brass group or from the School Office. This will need to be signed for.

We will also give your child a folder with help sheets and music, and we will lend your child a music stand to take home to assist with their practice.

We hope that you will give your child every encouragement as they learn to play their chosen instrument. Who knows, they may be at the start of a life-long enjoyment of making music as a hobby, or even a professional career in music?

We appreciate that brass instruments can be very noisy, so we are including a practice mute that can be used to reduce the noise when required!

There is no charge for the loan of instruments and other equipment, but you will be asked to agree to the following terms and conditions:

1. All instruments and other equipment belong to North Tyneside Brass in Schools and/or North Tyneside Music Education Hub and is on loan to your child.
2. All instruments and other equipment lent to your child must be returned to the School when no longer needed by your child, or when your child leaves the School, or on request from the School.
3. The instruments and other equipment must be treated with care to avoid damage. They may only be used by your child and must not be lent to, or used by, any other person. They may only be used within School, your home or other agreed location.
4. In the event of a problem with the instrument or other equipment (e.g. sticky valve or slide), it must be returned to the School so that one of the music tutors can check it.
5. Please do not attempt to dismantle any instrument valves as they are delicate and may be broken if not handled correctly.
6. If your child is unsure how to use the equipment, they should refer to the help sheets we have provided (also available on our website) or wait and ask one of our music tutors at the next brass group session.
7. There is no charge for the loan of instruments and other equipment. However, we reserve the right to charge for the loss of, or damage to, the instruments and other equipment if this appears to be through neglect or misuse.
8. Your child should bring their instrument into School every week for the brass group sessions.

Thanks for your support
